Education

RSR Rungta College of Engineering and Technology, Bhilai

Aug 2018 – June 2022

Bachelor of Technology in Computer Science and Engineering

Percentage: 78.41%

University: Chhattisgarh Swami Vivekanand Technical University (CSVTU)

Experience

Kandid Technology - Batesville Funeral Solutions Development

May 2024 – Present

Full-Stack Developer

Bhilai, Chhattisgarh

- Developed and maintained full-stack features for a large-scale enterprise web platform using **React.js**, **Node.js**, and **MySQL**.
- Contributed to an AI-powered feature that automated specific admin tasks, improving efficiency..
- Integrated third-party libraries and REST APIs to extend system capabilities and support new features.
- Collaborated in an Agile team environment for continuous delivery, using Git for version control and Jira for task management.

Kandid Technology – Internal Tools Integration Project

Nov 2023 – Apr 2024

Software Developer

Bhilai, Chhattisgarh

- Worked on an internal tools integration project to streamline business processes and unify internal platforms.
- Developed responsive frontend pages using **React.js** and **Bootstrap**, and integrated backend APIs to fetch and display data from a **MySQL database**.
- Collaborated with cross-functional teams to ensure seamless API integration, consistent UI/UX, and enhanced system performance.

Kandid Technology

Aug 2023 – Oct 2023

Software Developer Intern

Bhilai, Chhattisgarh

- Gained hands-on experience with **HTML5**, **CSS3**, **React.js**, **JavaScript**, **jQuery**, **Node.js**, **SQL** and **Bootstrap** in developing and maintaining web applications.
- Contributed to performance improvements by optimizing code, fixing bugs, and enhancing the responsiveness of key modules.

Projects

Emotion Tracker Diary | *React.js, Node.js, MongoDB, JWT, AI*

- A comprehensive web application that helps users track, manage, and analyze their emotional states over time. Built with a modern MERN stack and JWT authentication for security.
- Implemented a React.js frontend with a responsive UI for seamless journaling.
- Working on Gemini AI API to analyze journal entries and generate personalized, empathetic feedback for users.
- Designed a secure Node.js backend with RESTful APIs and user authentication.
- GitHub:** github.com/aayush-rai12/EmotionTracker | **Live:** Live App

Zozo Dating App (In Progress) | *React.js, Node.js, MongoDB, JWT, Gemini AI*

- Building a dating app that matches people based on their current mood.
- Created login, signup, and profile pages using React.js.
- Working on adding AI chat features with AI.
- GitHub:** github.com/aayush-rai12/zozo-dating

Technical Skills

Languages: JavaScript, C++, HTML, CSS

Frameworks & Libraries: React.js, Vue.js, Node.js, jQuery, Bootstrap

Databases: MongoDB, MySQL

Tools & Platforms: VS Code, Postman, MySQL Workbench, Jira, Git, GitHub

Additional Skills: REST APIs, API Integration, Query Optimization, JSON Handling, AI Model Integration

Coursework: Frontend Development, Backend Development, React.js Essentials, Database Management
